**URBINO, THE IDEAL CITY...**

Italy has been, since antiquity, the centre of history, culture and art. Our museums, collections and archaeological sites reveal countless tokens of the past and the many civilizations that have passed across this country, evidence of which is still inextricably woven into the present day landscape.

Artistic wonders can be found everywhere, and every corner of the country holds countless and wonderful surprises. Our artistic and cultural heritage is one of the most valuable in the world. Italy has more cultural **UNESCO** World Heritage Sites than any other country.

**Roma, Florence, and Urbino** are renowned cities of art, but the whole country can boast towns of breathtaking beauty, as these numbers demonstrate: 95,000 monumental churches, 40,000 forts and castles, 30,000 historical residences with 4,000 gardens, 36,000 archives and libraries, 20,000 historical cities and towns, 5,600 museums and archaeological sites, and 1,500 convents.

Places, landscapes, monuments, art, colours, light, atmosphere, impressions, from a magnificent land.

**ITALY is a nation that hosts unique and fascinating events of international resonance throughout the year, providing innumerable opportunities for experiencing intense emotions.**
